- Young Design
Exhibition of innovative luminaires by young designers

N.B.: no longer in this category:
German Light Design Award
Energy Efficiency Award
KNX Top Event

Parallel Events

The Intersec Forum, the annual conference for networked security technology, will take place from 19 to 23 March 2018, in parallel to Light + Building. For the first time, the Forum is to be held in Hall 9.1, in the immediate vicinity of the sections for home and building automation and electrically controlled security technology. Experts from both Germany and abroad will examine current issues relating to the networking of security solutions in buildings. Further details can be found at: www.intersec-forum.com.

Equally, Luminale will also be held concurrently with Light + Building, from 18 to 23 March 2018 in Frankfurt and Offenbach. This festival, the biennale for lighting art and urban design, will open with a new concept. Further information can be found at: www.luminale-frankfurt.de

Light+Building
Frankfurt am Main, 18 to 23 March 2018

Background information on Light + Building

Light + Building, the world's biggest trade fair for lighting and building-services technology, opens its doors in Frankfurt am Main from 18 to 23 March 2018 and will be used by around 2,600 exhibitors to launch their latest lighting, electrical technology and house and building automation products onto the world market. A fair of innovations, Light + Building brings together all power-controlled systems from the field of building-services technology and promotes integrated building planning with a spectrum of products unrivalled both horizontally and vertically.

At present, the Light + Building family of events numbers twelve fairs worldwide – in Argentina, China, India, Russia and the United Arab Emirates. Information about the brands can be found at www.light-building.com/brand.

Background information on Intersec Forum

Intersec Forum, the annual conference for networked security technology, will next be held concurrently with Light + Building – the world's leading trade fair for lighting and building-services technology – in March 2018. Distinguished by an expanded programme, the coming four-day forum for topical questions relating to the interlinkage of safety and security systems in the field of building-services technology is the venue for lectures by experts from home and abroad on fire-alarm technology and fire protection, access control and monitoring technology and IT and cyber security, as well as two industry dialogues for planners and installers and for operators, facility managers and manufacturers. Intersec Forum will be located in the heart of Light + Building and take place from 19 to 23 March 2018. The new concentration of products for house and building automation together with power-controlled safety and security technology in Hall 9.1 and the associated special exhibition will create a focal point giving both trade-fair visitors and conference participants a complete overview of the entire spectrum of house and building-automation technology and electrical safety and security technology.

Background information on Luminale

With around 200,000 visitors, Luminale ranks among the biggest events in Frankfurt and the Rhine-Main region. The festival of light is held concurrently with the international Light + Building trade fair every two years. Messe Frankfurt founded Luminale in 2002 and has promoted and supported the festival extensively since then. Next year, from 18 to 23 March, Luminale will have a new concept. Frankfurt and Offenbach will not only be the settings for lighting art but also the focus of the festival. Luminale is being positioned as the BIENNALE FOR LIGHTING ART AND URBAN DESIGN with the aim of generating impulses for cities as attractive, future-oriented locations and creative hubs at the interface of art, technology and urbanity.

Background information on Messe Frankfurt

Messe Frankfurt is the world's largest trade fair, congress and event organiser with its own exhibition grounds. With over 2,500 employees at some 30 locations, the company generates annual sales of around €661* million. Thanks to its far-reaching ties with the relevant sectors and to its international sales network, the Group looks after the business interests of its customers effectively. A comprehensive range of services – both onsite and online – ensures that customers worldwide enjoy consistently high quality and flexibility when planning, organising and running their events. The wide range of services includes renting exhibition grounds, trade fair construction and marketing, personnel and food services.

With its headquarters in Frankfurt am Main, the company is owned by the City of Frankfurt (60 percent) and the State of Hesse (40 percent). * preliminary figures for 2017
