## THE COMPETITION PROCEDURE

The competition is open to all exhibitors at Light+Building. The market launch of the products entered should have taken place by the opening of Light + Building at the latest but no earlier than two years before March 13, 2022. Prototypes and one-offs are not to be entered into the competition.

The jury's decision making process will require the submission of the product images. They will make their decision on the basis of the criteria outlined above. The award winners of the Design Plus competition will be selected by the jury from all products entered and consequently presented with this award.

### What must I submit for the competition?

The first step is to register online with the basic information about your company and the details of the particular products(s) you are submitting. Next you should send in the printed data sheet for the submission (You will receive this by email, once it has been finalised and it was checked from the German Design Council).

For the jury's deliberations, the following documents must be submitted to the German Design Council **by post**:

- Maximum three printed photos of the product from various angles, detailed views or applications. In addition to this the digital photos (print quality, min. 300 dpi/A4, via USB stick, download link or CD/DVD). Participants should be aware that in the case of winning a prize the image material will serve as the print template for the publication.
- Participants are welcome to send in additional productspecific information.

Please mark each document submitted (digital data and if necessary additional information material) clearly with the project-ID and send them together with the info sheet to the following address by **February 4, 2022** at the latest:

Rat für Formgebung | German Design Council  
Design Plus, Light+Building 2022  
Friedrich-Ebert-Anlage 56  
60325 Frankfurt/Main | Germany

Basic information on participants and products entered will be taken from the online registration. The organizer accepts no liability for erroneous or incorrect information in the publication or further publications.

If, after the adjudicators' meeting, your product has been selected for an award, the original item must be sent in for display at Light + Building 2022.

## **ASSESSMENT CRITERIA FOR THE EXHIBITORS' COMPETITION**

By orientating the criteria in our call for entries on the range of services offered by Light + Building 2022 and its exhibitors, we seek to address all those sectors represented in equal measure. Alongside the overall concept and practical value, the following criteria will be decisive in the jury's decisionmaking process:

- Design: design quality, choice of materials, ease of use (universal design)
- Ecology: energy efficiency, sustainability (use of resources), life span
- Innovation: technology, function, technical quality and integration ability

The jury members are free to decide how much weight they place on each of the assessment criteria. It is incumbent upon the jury to evaluate the assessment criteria on an individual basis for each product entered.

## **AWARD CEREMONY AND PUBLICITY**

### When and where will the award ceremony take place?

As part of Light + Building 2022 in the special area of the Design Plus exhibition in the Forum of Messe Frankfurt.

### What will the prizewinners receive at the award ceremony?
